GROWER INFORMATION UPDATE ►

TITLE: IU080-18 - Industry annual general meetings

CONTACT: Dan Galligan, CEO

DATE: 16-10-2018

Sugar industry AGMs

Next week there are two important annual general meetings within our industry - for Sugar Terminals Limited and Sugar Research Australia.

At the heart of the CANEGROWERS philosophy is ensuring the collective voice of growers is heard - and one way this is done is through representative positions and in discussions in committees and boards. These opportunities affirm the leadership structure of our industry organisation. Electing growers to these positions is an important opportunity for members to express their voting power and ensure they have the representation they desire and deserve.

To that end, I urge you to look closely at the material available ahead of the Sugar Terminals Limited and Sugar Research Australia AGMs.

Sugar Terminals Limited

The STL Annual General Meeting will be held at the office of Clayton Utz, Level 28, 71 Eagle Street, Brisbane, on Wednesday, 24 October 2018 at 10.00am.

Information on the CANEGROWERS members standing for a position on the STL Board is available on the [CANEGROWERS website](#).

For details on the AGM and proxy forms, go to the [STL website](#).
